CHAPTER 1: AFC EQUIPMENT REGULATIONS

1. Scope of Application
1.1. These Regulations apply to all Preliminary Competitions and Final Competitions, unless expressly stated otherwise.

1.2. These Regulations govern the authorisation of all Equipment, Sponsor Advertising, and Manufacturer Identification used inside of any Control Access Area by the:

1.2.1. Team Official Delegations;
1.2.2. Match Officials; and
1.2.3. ball boys, ball girls, player escorts and flag bearers.

1.3. Where no provision of these Regulations is applicable, the corresponding Competition Regulations, Competition Operations Manual, the Laws of the Game issued by the International Football Association Board and administered by FIFA (Laws of the Game), and the FIFA Equipment Regulations apply in descending order.

1.4. Member Associations and/or Participating Clubs are solely responsible and liable for the conduct of their Team Official Delegations relating to the correct implementation of these Regulations.

1.5. For the avoidance of doubt, football boots are expressly excluded from the provisions of these Regulations.
CHAPTER 2: APPROVAL PROCEDURE

2. General Principles
2.1. The authorisation of any Kit is subject to the following provisions:

2.1.1. Each Member Association or Participating Club is responsible for compliance with these Regulations and any further applicable laws, regulations, guidelines and decisions issued by the AFC in relation to any Equipment.

2.1.2. The wearing of any Kit on the Field of Play remains subject foremost to the authority of the referee as defined in the Laws of the Game.

2.1.3. Any Kit that does not comply with these Regulations is strictly prohibited.

2.1.4. The authorisation to wear Equipment for a Competition must be sought in writing from the AFC within the appropriate deadlines specified in the relevant Competition Regulations.

3. Preliminary Competitions
3.1. Member Associations and Participating Clubs are required to follow the approval provisions contained herein when participating in a Preliminary Competition, unless informed otherwise by the AFC.

3.2. The AFC shall inform the Member Associations and Participating Clubs of any requirements prior to the commencement of the relevant Preliminary Competition.

4. Final Competitions
4.1. Member Associations and Participating Clubs are required to send a sample of their Playing Equipment to the AFC for inspection after qualifying for a Final Competition.

4.2. The timeframe for submission shall depend upon the conclusion of the Preliminary Competition, but, in all cases, must be in accordance with the relevant Competition Regulations, at least two (2) months prior to the commencement of the Final Competition, or as otherwise directed by the AFC.

5. Approval Process
5.1. The AFC is responsible for the approval of all Equipment.

5.2. By no later than the deadlines stipulated within the Competition Regulations or as otherwise directed by the AFC, each Member Association or Participating Club taking part in a Final Competition must submit a Complete Sample Set to the AFC. All samples must display a player number and player name.

5.3. For each Final Competition, the AFC may organise an Equipment approval (e.g. Match Coordination Meeting) in order to inspect and approve all Equipment proposed. If such an Equipment approval is organised, the Member Association or Participating Club must submit a Complete Sample Set to the AFC.
5.4. The approval of Equipment for a Final Competition remains at the sole discretion of the AFC, taking into account these Regulations and further applicable laws, regulations, guidelines and decisions of the AFC. All decisions shall be notified in writing to the party seeking approval.

6. Effect of Approval

6.1. Any approval by the AFC does not affect the responsibilities of Member Associations or Participating Clubs set out in these Regulations and shall, subject to Article 7, have no prejudging effect on any future approval requests by the same party or any other party.

6.2. In the event that, following approval, any Equipment is subsequently modified by the Member Association or Participating Club, the Manufacturer or any third party in any manner, the original approval shall automatically be revoked and the Member Association or Participating Club shall be prohibited from using such modified Equipment in a Competition.

6.3. The approval of Equipment for a Competition does not automatically provide that it is approved for all Competitions. Pre-approved Equipment may be utilised solely in other Final Competitions during the same calendar year. In such a case, the Member Association or Participating Club must notify the AFC in writing of their intention to use the pre-approved Equipment and confirm that all proposed Equipment is identical to the pre-approved Equipment.

7. Disapproval

7.1. In the event that the AFC denies the approval of any Equipment, it shall provide a written explanation with reasons.

7.2. In the event that the AFC denies the approval of any Equipment to be used in a Final Competition, the Member Association or Participating Club may either:

7.2.1. appeal the decision, which shall be decided ultimately by the AFC. Any such appeal shall be submitted by the Member Association or the Participating Club in writing within thirty (30) days of the being notified of the initial decision. In such cases, the AFC shall, within thirty (30) days of receiving such appeal, provide the Member Association or Participating Club a written explanation with respect to its appeal incorporating its final decision; or

7.2.2. seek approval to modify its Equipment by providing a Complete Sample Set of the modified Equipment. In such cases, the AFC shall treat the modified Equipment as if it was a new submission in accordance with Article 5.
CHAPTER 3: PLAYING EQUIPMENT

SECTION 1: GENERAL TERMS

8. Playing Equipment

8.1. Each item of Playing Equipment must be worn identically by all Participating Players of the same team and must be manufactured identically by the same Manufacturer. Different components of Playing Equipment may be produced by different Manufacturers.

8.2. In accordance with Law 4 of the Laws of the Game, the inside of all Playing Equipment must comply with the Laws of the Game and may be freely used by the Member Association or Participating Club provided that under any prevailing conditions, such as weather and light, no detrimental effect is caused to the identical visible appearance and clear distinction of the Participating Players.

8.3. Subject to the approval of the AFC, Playing Equipment may contain special performance or comparable tools to support the performance of Participating Players. Any such tool integrated into Playing Equipment must not affect the identical visible appearance of the Playing Equipment of all Participating Players of the same team, including

8.3.1. being transparent or the identical colour as the respective part of the Playing Equipment associated with the performance tool;

8.3.2. not being designed or used in a manner limiting the ability of all Participating Players, Match Officials, spectators and media to clearly distinguish the opposing teams irrespective of the prevailing conditions, such as weather and light;

8.3.3. not bearing any identifications associated with any team or Manufacturer; and

8.3.4. not being used as a Decorative Element.

8.4. Playing Equipment shall be composed of structural sections which are combined in order to make up a full shirt, pair of shorts or socks, such as sleeves, shirt collar, leg of shorts or top edges of a sock. Any such structural section may be determined by a change of fabric (e.g. cotton or polyester) and/or technique (e.g. woven).

8.5. No structural section of the Playing Equipment or material used for numbers, player names, badges or to identify the Member Association or Participating Club, the Manufacturer or any third party, may be made of reflective material or change colour or appearance due to any external influence, including pressure, light or water.

9. Colours

9.1. The choice of colours for the Official Kit and Reserve Kit must be registered on the relevant forms issued by the AFC upon entry in a Competition.
9.2. No item of Kit worn by an outfield player or goalkeeper shall contain more than four (4) colours. Colours used in identifications of Member Associations or Participating Clubs, Manufacturer Identification and/or other marks or insignia are not deemed a colour of the Playing Equipment. Furthermore, one (1) colour must be clearly predominant on the shirt, shorts and socks.

9.3. With the sole exception of vertically or horizontally striped and chequered shirts using two (2) colours equally in a non-dominant manner, in the event that three (3) or four (4) colours are used on the surface of any Playing Equipment, one (1) of the colours used must be clearly predominant and the remaining colours on the same item of Playing Equipment must be clearly minor. The predominant colour must be visible to the same extent on the back and front of the item of Playing Equipment. In the event of vertically or horizontally striped or chequered shirts using two (2) colours equally in a non-predominant manner, the third or fourth colour on the surface of the shirt shall be used in a manner not affecting the predominant visual impression of the two (2) colours used as stripes and checkers and one (1) of these two (2) colours must be predominant on the shorts or socks.

9.4. The main (predominant) colour must be visible to the same extent on the back and front of the Kit item in question.

9.5. Notwithstanding Article 9.2, a fifth Colour may be used for numbering and naming purposes. The colours used for numbering and naming purposes shall be the same for all outfield Participating Players of the same team.

9.6. Both the Official Kit and Reserve Kit shall be taken to every Match of the relevant Competition.

9.7. The colours of the Official Kit must be noticeably different from and contrasting to the colours of the Reserve Kit. Teams may be requested to mix the Official Kit and Reserve Kit for Matches in order to create a visible contrast with the other team and must comply with any such instruction from a Match Official.
9.8. The colours worn by the goalkeeper must be noticeably different from those worn by the outfield Participating Players of his or her own team. Furthermore, the goalkeeper colours for a Match must contrast to the Playing Equipment worn by the opposing team and the Match Officials. The Playing Equipment of all goalkeepers of the same team must be identical.

9.9. All Goalkeepers registered in a Team Official Delegation must wear the same jersey colours declared to the AFC upon entry to the Competition. Goalkeepers are not entitled to personal colours.

9.10. Each team shall wear its Official Kit as declared on the relevant forms issued by the AFC upon entry into a Competition during Matches. If in the opinion of the referee or Match Commissioner, the colours of the Participating Teams or Participating Clubs might cause confusion or prove unsuitable for television broadcast, the host team shall wear its Official Kit while the visiting team will wear either its Reserve Kit or a combination of both as instructed by the referee or Match Commissioner.

9.11. If thermal shorts are used, they shall be the same colour as the main colour of the shorts.

9.12. The AFC will decide on Match colours for all Final Competitions.

9.13. To change its registered colours, a Member Association or Participating Club submits a written request to the AFC at least seven (7) days before the respective Match together with a sample of the amended Equipment.
10. **Numbers**

10.1. A number must appear on the back (centered) of all shirts used as Playing Equipment. The number must be between 25 cm (twenty-five centimetres) and 35 cm (thirty-five centimetres) in height, clearly legible and positioned in the centre back of the shirt. The size of the number on the back of the shirts used by Players in any women’s Match must be between 20 cm (twenty centimetres) and 35 cm (thirty five centimetres) in height. The stroke width of the number must be between 3 cm (three centimetres) and 5 cm (five centimetres). The number must be entirely visible when the shirt is tucked into the shorts.

10.2. The number must also be displayed on the front of each shirt in any position at chest level. The number must be between 10 cm (ten centimetres) and 15 cm (fifteen centimetres) in height, clearly legible and be the same colour as the number on the back of the shirt (the requirements of this Article 10.2 are optional in respect of Matches involving Clubs, but mandatory in all other instances).

10.3. The number must also appear on the front of the shorts positioned on either leg. The number must be between 10 cm (ten centimetres) and 15 cm (fifteen centimetres) in height and clearly legible.

10.4. Based on the principle of light and dark contrast of used colours and irrespective of the prevailing conditions, such as weather and light, the colour used for any number appearing on Playing Equipment must be clearly legible and distinguishable from a distance for all Participating Players, Match Officials, spectators and media from the colours used for the Playing Equipment. This distinction may be achieved by displaying the numbers on a single coloured patch. The number may be surrounded
by a border or shadow outline. A ‘number zone’ must be created on the back of the shirt unless, at the discretion of the AFC, it is decided that the number appearing is clearly legible and distinguishable from a distance by all Participating Players, the Match Officials, spectators and media, from the colours used for the Equipment. A ‘number zone’ may be created on the front of the shirt.

10.5. The numbers may be sewn on or affixed to the kit item by heat transfer. The numbers may not be attached with velcro or other temporary means.

10.6. The Official Emblem may only appear once on the bottom of each figure of the number on the back of the shirt. Its size shall not exceed 5cm² (five square centimetres) and shall not affect the legibility of the number.

10.7. Except for the Official Emblem, a number shall not contain, or give the visual impression of, any Manufacturer Identification or elements which at the discretion of the AFC create an association with a Manufacturer, sponsor or any third party.

11. Player Names

11.1. Participating Players must be identified by their surname or popular name on the back of the shirt. The name must be identical with that declared on the relevant forms issued by the AFC upon entry to a Competition.

11.2. Participating Player names must appear on the back of the shirt used as Playing Equipment in Final Competitions. Participating Player names may appear on the back of a shirt used as Playing Equipment for all Matches in Preliminary Competitions.

11.3. In the event that a Participating Player name appears on the back of a shirt:

11.3.1. the name must be positioned above the number on the back of the shirt;
11.3.2. the letters shall be between 5 cm (five centimetres) and 7.5 cm (seven and a half centimetres) in height and must be separated from the number by at least 4 cm (four centimetres). They may be in upper and/or lower case. For better legibility, they may be surrounded by a border or shadow outline. In the case of striped shirts, the name must be either affixed to a neutral coloured patch or surrounded by a border or shadow outline;

11.3.3. the letters must be the same colour as that of the number on the back of the shirt. They may not contain any Manufacturer Identification, advertising, design features or other elements.

11.3.4. the name must be clearly distinguishable from the colour of the shirt. It must contrast (light on dark or vice versa) with the colour of the shirt as specified in Article 9.

SECTION 2: DECORATIVE ELEMENTS AND SLEEVE FREE ZONE

12. Decorative Elements
12.1. Playing Equipment may contain Decorative Elements which shall not be designed or used in a manner limiting the ability of all Participating Players, Match Officials, spectators and media to clearly distinguish the opposing teams irrespective of the prevailing conditions, such as weather and light. Decorative Elements shall not dominate Playing Equipment.

12.2. Decorative Elements contained in Official Kit and Reserve Kit may be identical, provided that no Decorative Elements are designed or used in a manner limiting the distinction between the Official Kit and Reserve Kit.

12.3. Decorative Elements must be permanently incorporated in Playing Equipment using one (1) or more of the following techniques:

12.3.1. Jacquard Weave;

12.3.2. tonal print;

12.3.3. embossing; or

12.3.4. any other technical solution approved by the AFC.
12.4. Decorative Elements shall not distract or limit the legibility of any player number and name. No letter or number may be used as a Decorative Element.

12.5. Decorative Elements may form part of a Manufacturer’s generic product line, provided these Decorative Elements do not display, stylise or produce the visual impression of a Manufacturer Identification, Country, Club, religious symbol, corporate symbol or other comparable symbol.

12.6. In case of dispute regarding the nature of any representation on Equipment, the AFC at its discretion shall decide whether it shall be regarded as a Manufacturer Identification, Decorative Element, or Sponsor Advertising.

13. Sleeve Free Zone
13.1. The Sleeve Free Zone is exclusively reserved for specified AFC badges. No other elements shall be positioned immediately adjacent to these AFC badges.

13.2. The Sleeve Free Zone must be at least 12cm (twelve centimetres) high, 8cm (eight centimetres) wide and be centred between the shoulder point and the elbow point.

SECTION 3: IDENTIFICATIONS ON PLAYING EQUIPMENT

14.1.8. other marks and insignia as applicable to the Member Association or Participating Club.

14.2. Any types of identification of the Member Association or Participating Club must be registered with the AFC and may not contain or stylise, or by any other means give the impression of, any Manufacturer Identification or other elements which, in the reasonable discretion of the AFC, create an association with a sponsor or Manufacturer, design features or other elements.

14.3. There are no restrictions on the shape of any type of identification listed above.

14.4. All types of identification may be printed, embroidered or sewn on as a badge and shall be attached permanently to the Playing Equipment. No types of identification may be attached with velcro or other temporary means.
